

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

LITERARY PROPERTY, BIBLIOGRAPHY, ETC.

ALBANY:
JOEL MUNSELL,
1868.

N O T E .

The Collection of Books embraced in the following Catalogue is offered for sale to any individual, or library company, desirous of purchasing it entire, at the prices affixed. The classes of books contained in it consist of specialties which, as they are usually printed in small numbers, finally disappear from commerce. A considerable number of the volumes in the list are very difficult to obtain, and not a few of them are of extreme rarity.

The arrangement and classification of the Catalogue is in some instances inexact, owing to the inexperience of the compiler who was employed, and the same may be true of the alleged sizes and styles of binding, though of no serious importance. The titles, however, have been made sufficiently full to enable the reader to identify the works and ascertain the subject of them. No effort has been made to over-rate their condition or rarity, and the prices are thought to be below the value of the books at the present time, irrespective of the cost of the binding, which in many cases is new.

J. MUNSELL, *Albany, N. Y.*

CATALOGUE

OF

Books on Typography.

Lambinet*. Bruxelles, An. vii. Fine copy. 8vo, pp. 500, plates, half calf, neat. \$5

- 164 LATTER. Struggles in the Journey of Life; or the Afternoon of my days: comprehending chiefly, the Period between my Forty-fifth, and the end of my Sixtieth year, being the Fourth Book of my Pilgrimage: From the Retrospections of A Sexagenarian: in which some of the more recent ups and downs, the joys and sorrows, the hopes and disappointments, of a life passed in comparative obscurity, but replete with much striking vicissitude, and not without some occasional attempts to be useful, will be found delineated in such a way, as cannot fail to interest the careful observer of the Providential development of human events, to excite the sympathy of those who admire the patient and persevering efforts of suffering humanity, in the midst of misfortunes of an appalling nature, and surrounded by difficulties of no ordinary description, and to impress upon all, the instability and uncertainty, of earthly comforts, and human acquirements. Illustrating and inculcating as the Narrative proceeds some of the most important lessons and sublime maxims of our Christian Philosophy; Not in examples drawn from fictitious representations; or imaginary characters, existing only in the regions of Fancy and Romance; but from the Incidents, and every day occurrences, of the latter, and most unfortunate part of, the real life of A Country Bookseller: who exercised that Profession in his little Provincial Locality with varied success, for the greater part of half a century, during which time, however, he became more extensively useful and better known, by his Literary and Editorial labors, being the author of Popular Philosophy or the Book of Nature Laid Open on Christian Principles, etc.; the affecting History of Tom Bragwell, as well as of a number of minor pieces which have appeared in his different publications, particularly in the Cheap Magazines, and Monthly Monitor, or Philanthropic Museum; of both of which, he was the Editor as well as Publisher. Edinburgh, 1833. 8vo, pp. 406, cloth. \$2

281 PSAUME. Essai Elementaire sur la Bibliographie. Par *M. Psaume*. Paris, 1824. 8vo, half calf. \$3.50

"Ce livre, épuisé depuis long-temps, est devenu rare. M. Psaume était un homme de beaucoup de savoir, qui professait en religion, en morale et en politique un scepticisme chagrin, amer, presque toujours hostile. L'Introduction du Dictionnaire de M. Psaume, contenue en 264 pages, est une excellente compilation qui mérite à elle seule de faire rechercher son ouvrage, et qui peut tenir lieu d'une multitude de volumes. Les notules malicieuses et acerbes, révèlent naïvement les opinions, c'est-à-dire les préventions et les haines de l'auteur."—*Ch. Nodder*.

282 PUBLIC PRINTING REPORT on the manner of conducting the Public Printing at Washington, made in the year 1860, and known as the Covode Investigation. Albany, 1861. 2 vols., 8vo, pp. 164, 386, half turkey morocco. \$5
